

Spray Adhesive – SP-Low Smell

Technical Data Sheet

Rev 04 24Mar2025

DESCRIPTION

A golden yellow, general-purpose, sprayable, solvent-based synthetic rubber resin adhesive. Designed for industries looking to save time and reduce costs in their manufacturing processes, this low-odour adhesive is ideal for automotive, upholstery, interior furnishings, flooring, woodworking, and insulation material industries. It offers high resistance to elevated temperatures and forms strong, durable bonds between substrates.

APPLICATIONS

Dunlop Spray Adhesive-SP Low Smell is a sprayable adhesive, easy to apply with a spray gun and designed to minimize spider webs. It is ideal for bonding porous materials such as wood, leather, cork, and flexible foam.

SPECIFICATION

Appearance	Viscous Liquid Product
